

Dangerous Goods Forms

The PBT Group recommends the Inkspot Dangerous Goods form.

The Inkspot form is comprehensive and includes the majority of Dangerous Goods requirements.

Your PBLink Combo system's default print is set for the Inkspot Dangerous Goods form. Should you use a different Dangerous Goods form then the PBT IT team will have to set up a specific print programme for your requirements. (Please contact your Account Manager if this is required).

Hazardous Substances/Dangerous Goods Declaration and Packing Declaration
